ELECTION RETURNS.

Result of the Ballots of Yesterday's Contest.

THE RETURNS NOT YET ALL IN.

Ohio Goes Republican by a Large Majority, While Several Other States Show Democratic Gains. McKinley Re-Elected to Congress from the Tenth Ohio District by a Small Majority.

COLUMBUS, Nov. 5.—Early returns from nearly every section of the state indicate a Republican victory by majorities ranging from 12,000 to 20,000. The result is no surprise, however, as Ohio may be relied upon to give a decisive Republican majority when there are no demoralizing agents at work in the party. Not only were the Republicans at peace with each other this year, but their opponents were afflicted with the worst case of apathy they have experienced for a long time.

There was much more interest centered in the congressional campaign than in the state contest. As will be remembered, the Democratic legislature last winter so gerrymandered the state as to be morally certain of electing a majority of the Ohio delegation in the National house from their party. Based on the returns of last autumn, the gerrymander showed that sixteen Democrats and five Republicans would be elected.

The result of last fall's election could not be relied upon, however, as indicating the exact political status of the new districts, as there was a factional fight in the Republican party at that time. None who correctly understood the situation believed there would be a delegation of 16 to 5. It now looks as though the result would give the Democrats a bare majority in the delegation.

The fight in the Sixteenth district between Maj. McKinley, the author of the new tariff law, and ex-Lieutenant Governor Warwick, has attracted National interest. No other district in the United States has been watched more closely than McKinley's. With a majority of nearly 3,000 in favor of Mr. Warwick, it has been generally held that McKinley's defeat was inevitable, but the majority of Governor Warwick, as claimed by the Democrats, has been slowly dropping down until late yesterday, before the count, they only claimed his election by 600.

One hundred and eighty-nine precincts in Ohio outside of Hamilton county gave Ryan 26,438, Cromley 24,844, Lockwood 1,441. Same precincts in 1889 gave Foraker 27,799, Campbell 26,826, Helwig 1,514.

At this rate the state outside of Hamilton county will give the Democrats a majority of 3,500, but in Hamilton county the returns indicate a majority of 7,000 for the Republicans.

Returns from the Thirteenth congressional district show that Dungan, Democrat, is running considerably behind the ticket.

Two private telegrams have just been received at the Republican headquarters, which, if true, insure the election of McKinley. One of the telegrams states that Wayne county gives McKinley 900 majority, which shows a change of 1,800 votes in his favor. The other dispatch states that in fourteen precincts of Stark county, McKinley's home, McKinley made a gain of 846 votes.

Donivan, Democrat, is elected over Brigham, Republican, in the Sixth congressional district.

In the Second congressional district, Caldwell, Republican, is elected over Brown, Democrat.

In the First district, Storer, Republican, for congress, is certainly elected.

A dispatch from Piqua says: All returns give Orr, Republican candidate for congress, 884 majority. This district gave Cleveland 2,554 in 1888, and Campbell 3,857 in 1889.

At 2 o'clock this morning an official telegram was received here announcing that the Democratic congressional committee of McKinley's district, concedes his election by a small majority. The Democratic state executive committee received the same information from another source, and admit that they are afraid it is true.

Eleven precincts in the Fourteenth congressional district, indicate Owens, Democrat, will carry it by 3,000, and Cromley will carry the county by 1,000.

CLEVELAND, O., Nov. 5.—The indications are that Johnson, Democratic candidate for congressman in this district, is elected by 1,700 plurality. The Republican county ticket, except perhaps the candidate for sheriff, is elected.

MANSFIELD, O., Nov. 5.—Mansfield complete gives Ryan, 1,231; Cromley, 1,627; Democratic loss, 126. On congressman, Sackett, Republican, 1,172; Harter, Democrat, 1,685.

Indiana.

INDIANAPOLIS, Nov. 5.—Under the new law the voting precincts were increased from 1,853 to 2,919. There is some delay in gathering the returns by precincts.

The townships in Indiana give Mathews, Democrat, for secretary of state, 1,474; Trusler, Republican, 1,311. In 1888 the same townships gave Cleveland 1,931; Harrison, 2,328. Democratic loss, 225; Republican loss, 517; net Democratic gain, 292.

Fifty townships in Indiana give Mathews, 6,994; Trusler, 8,993.

The chairman of the Democratic committee claims a majority of not less than 16,000 on the state ticket and eleven out of the thirteen members of congress.

New York.

NEW YORK, Nov. 5.—Tammany Hall has gained a decisive victory over the Republican and County Democracy (Fusion). Grant, for mayor, is not likely to fall below 29,000 majority over Scott. The vote for district attorney, in which

it was expected that Delancey Nicoll, the Tammany nominee, would fall far behind the vote for Grant, will show that he has a majority of nearly 21,000 over the Fusion candidate.

All the Tammany candidates for the other county offices, namely, sheriff, president of the board of alderman and county clerk have average majorities of 20,000. The vote for superior court judges and city court judges shows the same majority in favor of Tammany candidates. In the city over 200,000 votes have been cast out of the registration of 245,000. The county officers elected are, therefore, the Tammany nominees, Grant, mayor; Gorman, sheriff; Giegerich, county clerk; Arnold, president of the board of alderman.

All the successful candidates in the Fourth, Sixth, Sixteenth and Twenty-second districts are Democrats elected on the Fusion ticket.

The Democrats carried every congressional district in the city. The Democracy has also made a decisive victory in the assembly. Those elected, with five exceptions, are Tammany nominees.

Tammany's victories for members of the board of aldermen, are in the same proportion as that for the assembly.

The gains of assemblymen made by the Democrats will give them the legislature on joint ballot, securing the election of a Democratic United States senator from this state.

Returns thus far received from assembly districts indicate the election to the assembly of sixty-eight Democrats and sixty Republicans.

The latest corrected returns from the various assembly districts give the Democrats sixty-seven and the Republicans sixty-one members. This will make the legislature a tie on joint ballot.

Pennsylvania.

PHILADELPHIA, Nov. 5.—Twenty-four counties, including Allegheny, but not including Philadelphia, gave Pattison, Democrat for governor a net plurality of 7,165. These twenty-four counties in 1886 gave Beaver, Republican, a net plurality of 12,570, showing a net Democratic gain of 19,735.

Philadelphia gives a Republican majority of 19,594 with one ward to hear from.

At Democratic headquarters the election of Pattison for governor is claimed by 10,000 majority.

Chairman Andrews, of the Republican committee, makes the following statement: "The Republican state committee believe Delamater has a plurality, but the result is close, and it may take the official figures to determine."

Chairman Kerr, of the Democratic state committee, claims the state by 10,000 majority. He asserts that his advisers show that Pattison will come to Philadelphia with not less than 30,000 majority.

Virginia.

RICHMOND, Va., Nov. 5.—George D. Wise is re-elected in this the Third district. His majority in the city is more than 7,000. Eight of the ten districts of the state are certainly Democratic, with strong chances of the other two being Democratic. The day passed quietly here, there being no opposition.

Burkeville went Democratic for the first time in twenty-five years.

Eighth district returns show Gen. W. H. F. Lee, Democrat, is elected to congress by 2,900 majority over Frank Hume, Independent Democrat; a Democratic increase of 1,800 over 1888.

The Democrats probably gain congressmen in the First and Second districts. Langston is probably defeated in the Fourth district. The Democrats re-elect their candidates in the Third, Fifth, Sixth, Seventh, Eighth and Tenth districts, reports from the Ninth districts are meagre.

Gen. Lee's majority is not less than 2,500. Private messages indicate the election of a solid Democratic congressional delegation.

New Hampshire.

CONCORD, N. H., Nov. 5.—The indications at this hour are that there is no choice of governor by the people of this state; that McKinney, Democrat, is elected to congress in the First district, and that the Second district is very close, the chances being in favor of Moore, Republican. In 1873 towns the Democrats gain eighteen members of the house of representatives and at their headquarters in this city claim they have carried it by a good majority.

The Democratic gain in 114 towns is over 1,200, and Ambsen, Democrat, is probably elected by the people, and the legislature is probably Democratic, insuring the election of a Democrat to succeed United States Senator Blair. McKinney, Democrat, is elected in the First congressional district. The Democrats also claim the Second district.

Michigan.

DETROIT, Mich., Nov. 5.—Returns from all parts of the state are late and cannot be given at present. The gubernatorial candidates are making a close run with the chances in favor of the Republican nominee. The Democrats claim the First, Fifth, Sixth and Seventh congressional districts with the Tenth doubtful. The Republican committee claim that no sufficient returns have been received to base an estimate upon.

Two hundred and nine precincts, including fifty-six in Detroit, give Turner, Republican, 23,959; Wims, Democrat, 27,085. The indications are the Republicans elect Cutchon in the Nineteenth district and Stephenson in the Eleventh. The Democrats elect Chipman in the First, Witney in the Seventh, and probably Weadock in the Tenth congressional districts.

Illinois.

CHICAGO, Nov. 5.—Recent returns point to the undoubted election of ten Republican congressmen, six Democratic congressmen with four districts of the state still in doubt.

Returns on state ticket are coming in slowly. Only eight counties in the state, exclusive of Cook, has thus far been heard from. Vote of these on state

treasurer gives Amburg, Republican, net plurality of 2,800 over Wilson.

The Democratic state central committee claim that they have certainly gained three congressmen and probably five, and that they have carried the state by a good majority. Nothing definite can be given about Cook county.

Furman, Democrat, is probably elected to congress from the Eighteenth district. The Republican state committee claims that Cameron is elected.

Wisconsin.

MILWAUKEE, Nov. 5.—One hundred precincts in the state, including fifty-five precincts in Milwaukee, show a net Democratic gain of 6,280.

John L. Mitchell, Democrat, has a majority, it is estimated, of 5,000 in the Fourth congressional district over Spencer, Republican. District was formerly represented by Republican.

The state is in doubt, the new election law bringing returns in very slowly.

The Republicans lose one congressman, Mitchell, Democrat being elected in this district. The returns so far indicate election of Cooper, Republican for congress.

New Jersey.

KEYPORT, N. J., Nov. 5.—The election yesterday was the quietest in years, the vote being light. The new voting system worked well. The indications are that Gessenheimer, Democrat, for congress, and Brown, Democrat, for state senator, are elected. The Republicans concede all three assembly districts to the Democrats. It is believed that John T. Hight, Democrat, has been elected county clerk by 400 majority. United States Senator Blodgett predicts a sweeping Democratic victory throughout the state.

Delaware.

WILMINGTON, Del., Nov. 5.—Returns from ten districts out of twenty-seven, of this city, show a Republican gain of over 500. The city will probably go Republican by a safe majority. Returns from the counties are coming in very slowly. New Castle county may be Democratic by a small majority, but the Republicans claim it. Kent and Sussex also in doubt. No figures are yet obtainable from the counties. Present indications point to the election of the entire Republican state congressional and legislative ticket, but definite returns may change the result.

Louisiana.

NEW ORLEANS, Nov. 5.—The latest returns indicate that Meyer, Democrat, has defeated Warnoth, Republican, for congress in the First district by 2,000 majority, and that Lagan, Democrat, has defeated Coleman, Republican, for congress in the Second district by 3,000. In the other districts there was no organized opposition to the Democrats, and the following were re-elected to congress: Third district Andrew Price; Fourth district W. H. Blanchard; Fifth district, C. J. Boatner; Sixth district, S. M. Robertson.

North Carolina.

RALEIGH, N. C., Nov. 5.—Indications are that the Democrats carry the state by 40,000. Large Democrat gains are reported in the congressional vote in the Third, Fourth, Fifth and Ninth districts, and Democrat gains in the legislative tickets steadily increasing.

Returns from 110 precincts show a Democratic gain of 4,000, also Democratic gains in legislature. News is received from the Sixth congressional district that S. B. Alexander, Democrat, is elected by 600 majority.

California.

SAN FRANCISCO, Nov. 5.—The Republicans lead in this city and county. Returns from the state are coming in slowly, but so far they are favorable to Markham, Republican.

Clunie, Democrat, is running behind his ticket in the Fifth congressional district and is probably defeated. The election of Cutting, Republican, in the Fourth and the re-election of McKenna, Republican, in the Third is indicated. Returns from the other three districts are meagre.

Georgia.

ATLANTA, Nov. 5.—Returns from sixteen of the prominent precincts of the Seventh district gives Felton, Independent Democrat, over Everett, the Democratic nominee, a slight majority. This includes Rome, Felton's stronghold. This indicates Everett's election beyond a doubt. The election of Winn, the Democratic nominee, in the Ninth district is conceded. This makes a straight sweep for the Democrats and will give a solid congressional delegation.

Minnesota.

MINNEAPOLIS, Nov. 5.—The Republican state central committee claim the estate by 8,000 to 10,000 plurality, estimate based on latest returns. The Democratic committee will not give estimate yet.

The Democrats claim three congressmen in First, Third and Fourth districts, and are hopeful for governor, but it is probable that Meriam, Republican, is elected by a small majority.

Massachusetts.

BOSTON, Nov. 5.—One hundred and sixty-five towns and cities, including Boston, Fall River, Taunton, Brockton, Haverhill and Newburyport, give Blackmer, Prohibitionist, 7,577; Brackett, Republican, 65,122; Russell, Democrat, 73,338. Same towns last year gave Blackmer 8,763, Brackett 65,693, Russell 63,000—a net gain for Russell of 10,819.

Florida.

JACKSONVILLE, Fla., Nov. 5.—The Democratic state ticket is estimated elected by over 15,000 majority. Both Democratic congressmen are elected by largely increased majorities.

The constitutional amendment separating the dates of the National and state elections is probably carried. It is a Democratic measure.

South Carolina.

COLUMBIA, S. C., Nov. 5.—No disturbance in the state. Returns are coming

in rapidly and indicate the certain election of Tillman, the regular Democrat candidate. All the Democratic state officers and candidates for congress are elected with the possible exception of congressman for the Seventh district.

Arkansas.

LITTLE ROCK, Nov. 5.—With the exception of trouble at Pino Bluff, where a negro deputy sheriff fatally wounded a policeman named Leaming and shot two more, all white, the election in Arkansas was quiet. Returns coming in indicate Democratic gains over the state election in September. Democrats claim the election of all the congressmen including Breckenridge in the Second district.

Nebraska.

OMAHA, Nov. 5.—Returns from over the state are too scarce to bear positive assertion on, but the election of Boyd, Democrat, for governor, the choice of the Democratic congressmen and defeat of Prohibition. Majority against latter will be above 15,000.

Iowa.

DES MOINES, Nov. 5.—One hundred and thirty precincts show a net Democratic gain of 2,097.

The Republican state committee claim the state by 5,000 majority and all the congressional districts except the First and Second.

West Virginia.

WHEELING, W. Va., Nov. 5.—Present returns indicate the election of the entire Democratic delegation in congress. Wilson, Capehart and Alderson, Democrats, are undoubtedly elected, and Pendleton, from the First district, is probably elected.

North and South Dakota.

MINNEAPOLIS, Nov. 5.—In North and South Dakota the Republican candidates are elected by majorities that are greatly reduced. Carter, Republican, is elected to congress, but the official count will probably be necessary.

Maryland.

BALTIMORE, Nov. 5.—Maryland sends an unbroken Democratic delegation to congress. McKaig defeats McComas by about 800, and Compton wins over Mudd by 800. The other Democratic majorities are in the thousands.

Washington.

SAN FRANCISCO, Nov. 5.—Returns from a scattering portion of the state of Washington indicate a light vote with Democratic gains. Carrol, Democrat, for congress, running ahead of his ticket.

Montana.

HELENA, Mont., Nov. 5.—Ex-Governor White, chairman of the Republican state committee, expresses confidence in the election of Carter, and a majority of the Republican state senators.

Kentucky.

LOUISVILLE, Nov. 5.—It is reasonably certain that out of eleven congressional districts in Kentucky ten have gone Democratic by increased majorities. Eleventh district in doubt.

Mississippi.

JACKSON, Miss., Nov. 5.—The election passed off quietly throughout the state. The indications are that a solid Democratic delegation has been elected.

Kansas.

TOPEKA, Kan., Nov. 5.—Returns from nineteen counties indicate that eight have gone Republican, six Democrat and five for the Alliance.

Texas.

AUSTIN, Tex., Nov. 5.—The Democratic state ticket and a solid Democratic delegation to congress are believed to have been elected.

Connecticut.

HARTFORD, Conn., Nov. 5.—Fifty towns give the state ticket a net Democratic gain of 231. There is no change in the legislature.

Utah.

SALT LAKE, Utah, Nov. 5.—Calne, Mormon, is elected delegate to congress over Goodwin, Liberal, by 3,000 to 5,000 majority.

NEW YORK PRESS COMMENTS.

The Result Summed Up by The Sun, Times and Tribune.

NEW YORK, Nov. 5.—The Sun says: The next house of representatives is evidently Democratic by about 35 majority. The most remarkable result is the overturn in New Hampshire. The gains in Rhode Island and Massachusetts are very notable. The southern states show heavy Democratic gains, the Republicans being wiped out in Missouri and Maryland. McGomas, leader of the Republicans in the house, is badly defeated in a Republican district.

It appears that Cannon will figure again in congress, and that local prizes has re-elected McKinley, the Republican leader. Henry Cabot Lodge, the author of the force bill, gets through by a small majority over Dr. William Everett. The Farmers' Alliance candidates in the south, endorsed by Democrats, are nearly all elected. All the Democrats who were ousted are sent back by large majorities.

The Times says: The Democrats have completely overthrown the Republicans in the house of representatives. The Fifty-second congress will consist of 392 members, as follows: Democrats, 204; Republicans, 129; Democratic majority, 71.

The Tribune says the returns from the states indicate the return of 107 Republican and 165 Democratic congressmen.

The Herald figures out a Democratic majority of 40 in the next house of representatives, and says the Republicans appear to have a slight lead in the state assembly.

WEDNESDAY, NOVEMBER 5, 1890.

It was a chilly day for the "fiater."

MANY Republicans cast their first Democratic vote yesterday.

THOMAS "HURRICANE" Paynter did sweep the district yesterday. The BULLETIN's indications were correct.

WHEN the colored brigade learned there was no boodle up, they lost all interest in the fight. They were a sadly disappointed crowd, and most of them refused to vote.

EX-PRESIDENT CLEVELAND was in Washington City last week arguing a law case, in which he gets a \$50,000 fee, before the Supreme Court. A correspondent says: "The court room was packed every day to its utmost capacity, with people anxious to see and hear him; while at the same time a vast crowd stood wedged together in the corridor outside, unable to get into the room, but waiting patiently for one of the fortunates on the inside to get tired and come out."

The Ex-President is still as popular as ever with the people.

THE law by which banks are exempted from county and municipal taxation in consideration of paying a State tax at the rate of seventy-five cents is to have a test of its constitutionality in the courts. The Mayfield Democrat says that two citizens of Mayfield, Messrs. L. Anderson and W. W. Tice, have filed a suit in the Common Pleas Court at that place enjoining the collection of their city tax for the year 1890. "Among other allegations they say it is an unjust discrimination in favor of banks to tax the people of the town while they do not tax the banks, and that it is in violation of the fourteenth amendment to the United States Constitution. They also claim that the City Council, by electing an Assessor out of their own board, rendered the assessment invalid and uncollectable. A big legal contest is likely to occur."

Out thin slices of underdone or boiled beef or mutton; lay them in a baking tin; stew over them some chopped capers, onion and a little parsley; add pepper and salt and pour in at the sides as much stock or water, with pieces of butter added, as will come to the crust; stew well with bread or cracker crumbs, and put in the pan in the oven for half an hour, or until nearly all the mixture is dried up; a little Madeira is an addition to this dish added to the stock.—Enquirer.

Religious.

There is no preacher in Lawrenceburg, Ky., at present, Rev. W. H. Williams having resigned. This leaves pastorless the Baptist, Christian, Methodist and Presbyterian churches, each one of which is able and willing to support a pastor.

The Christian Church Women's Board of Missions' receipts last year were \$36,516.81; the General Convention receipts \$51,285.84 (which includes \$15,620.19 Church Extension receipts), and the Foreign Mission Society receipts were \$67,760.40. The General Convention appointed a standing Committee on Christian Unity, and created a new board to be known as the Board of Negro Evangelization and Education, five of whom shall reside in or near Louisville. Rev. E. L. Powell, W. J. Loos, J. T. Hawkins and Col. H. L. Stone, Louisville; Prof. W. S. Giltner, Eminence; J. I. Irwin, Columbus, Ind., and Prof. J. W. McGarvey, Lexington, constitute the new board.

Over two million dollars have been distributed by the jockey clubs around New York in the past six months. This money has gone to 264 men. August Belmont heads the list of winners with a total of \$167,000. Senator Hearst won \$110,000. The Dwyer Brothers \$65,000. Byron McClelland had only Sally McClelland to run for him, and yet she won \$58,000. J. B. Haggin ends the year with \$51,710 profit. Of this sum over \$30,000 was Salva's winnings.

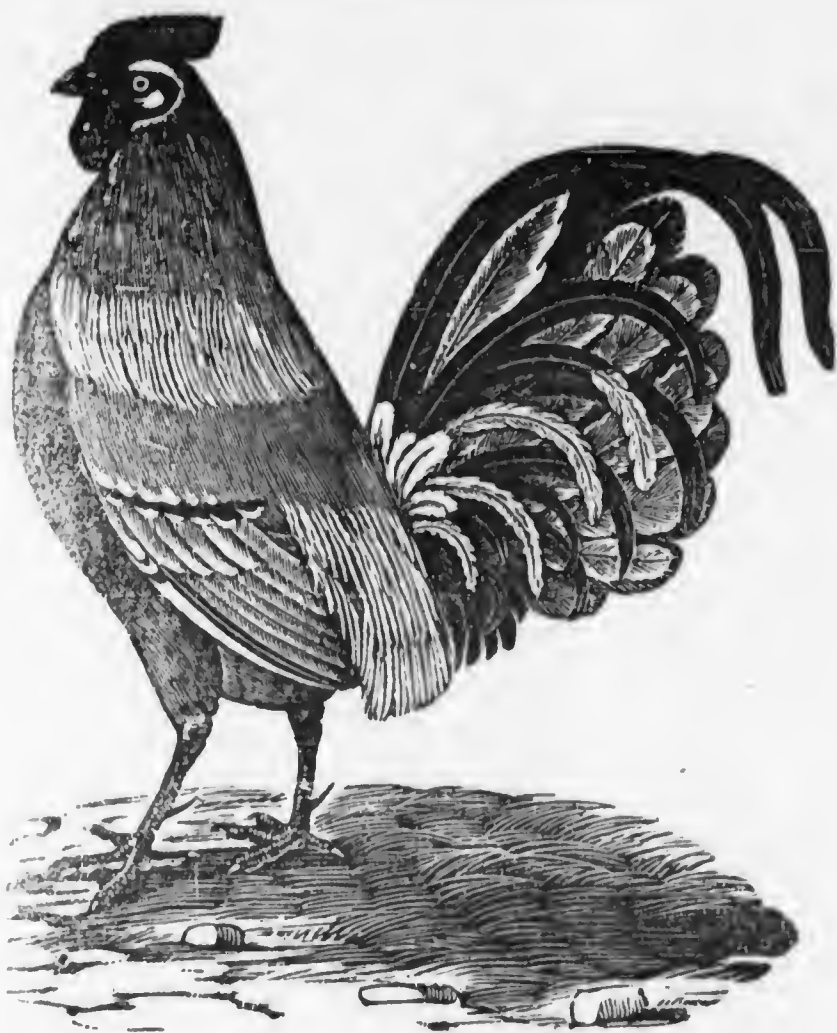

If a pig does not eat well, the probabilities are that it has been poorly and irregularly fed, or fed on material that does not supply what the pig needs for growth. So long as the pig is growing, corn is not adapted to it. Corn is a fattening food, with too small a proportion of the nutrition that makes bone and lean meat. It does not make much difference whether the trouble is indigestion or the failure of digested food to supply what nature craves. The pig is stunted in either case.

CINCINNATI, O., Nov. 5th, 1890—10 a. m.—(Special to BULLETIN)—The Democrats carried Indiana by 12,000 majority. Ohio is Republican by 15,000. The Democrats gain Congressmen in both these States.

The latest indications are that McKinley is beaten by a majority of 300. The Democrats of Massachusetts elect Russell Governor by a majority which they claim will reach 10,000.

TOBACCO GROWERS.

Preparing to Knock Out that
Combination of the Ware-
houses.

The Louisville-Cincinnati Syndicate
Denounced as Hostile to the
Interests of the Trade.

At a meeting of the tobacco growers of Bourbon County held in Paris last Saturday the following preamble and resolutions were unanimously adopted:

WHEREAS, The tobacco warehouses of Louisville and Cincinnati have formed a combination by which the whole tobacco interest of this State must pass into the hands and under control and management of a powerful money syndicate of Eastern and foreign capitalists, and

WHEREAS, Such syndicates are always organized for private and individual interests and not for the public good, and

WHEREAS, The syndicate thus organized can at all times exercise a controlling influence over the tobacco trade, and thereby realize large profits for themselves to the prejudice of the tobacco growers, and

WHEREAS, The tobacco growers of this State have for years submitted to the most arbitrary rules and unjust exactions in the sale of their tobacco, the amount of charges in the form of insurance, drayage, commissions, etc., and

WHEREAS, The tobacco growers of this State are able to build their own warehouses and sell their own tobacco without the agency of any such syndicate or moneyed combinations, and

WHEREAS, In our judgment, the time has come when they should organize and take steps to that end; therefore, be it

Resolved, That, in our judgment, it is to the interest of the tobacco growers to build their own warehouses and sell their own tobacco, under such regulations as may be just and proper.

Resolved, That in our judgment, Lexington, Ky., would be a central and convenient point for the location of such warehouses, and that we will proceed at once to organize a stock company, composed of the tobacco growers exclusively, to raise money for that purpose.

Missouri Democrats elect their State ticket and a majority in the Legislature, and they claim a solid delegation to Congress, which is a gain of four members.

The returns from Kansas indicate a close race between Humphreys, Republican, and Mellett, Farmers' Alliance. Both sides claim the State.

The next Congress will be Democratic. Tammany swept New York City, securing a plurality of about 22,000.

County, he appointed delegates to the convention that meets at Lexington on the 12th day of November, 1890.

The tobacco growers of Mason County will meet at the court house next Monday to select delegates to the State meeting at Lexington. If warehouses for the sale of tobacco are to be established throughout the State, no better location than Maysville can be found. It is in the center of a large tobacco district, and it already has a large warehouse—the "Cooper Building"—splendidly adapted for such sales. If the BULLETIN is not mistaken there was a move on foot when this warehouse was erected to establish sales here. If the citizens of Maysville would bestir themselves now this end might be attained. The growers of Mason, Lewis, Fleming, Nicholas, Robertson, Bracken and Boone counties should unite and work to secure the establishment of a big warehouse at this place. The farmers of Mason County are especially interested, and they should take some action in the matter next Monday.

A leather Boot, absolutely water-proof and snow-proof, is a thing that would lay claim to such recognition. Were the assertion made that such a thing existed, doubt would arise on all hands and men would say:

The Colored Christian Church revival in this place closed last week with thirteen additional converts, all by confession and baptism. They now have a very beautiful new building.

The meeting at the Christian Church closed last Friday night with eighteen additional converts, all by confession and baptism. W. C. Tharp left for his home at Versailles Saturday morning.

Henry F. Franklin, one of the most popular traveling men on the road, and representing one of the best houses in Cincinnati, Bohm Brothers & Co., was here last Monday and Tuesday.

Joe. H. Brown, our popular and accommodating bus man, made the good confession last Saturday night, and was baptized the same hour of the night by the pastor of the Christian Church, Elder F. M. Thuder.

Elder F. M. Thuder received a dispatch Monday morning that his brother in Winchester, who has been low with typhoid fever, was worse. He left on the K. C. afternoon train Monday to be at his bedside, to await a change for better or worse.

One of the most beautiful scenes took place at the Christian Church last Sunday morning directly after the sermon. When those who were invited to come forward and take membership, eighteen responded and took front seats. Among them were two men with their heads blossoming for the tomb. We have been blessed with a glorious good meeting here through the help of God, and the devil and his angels were hazy during the time, and are still busy in their work of deceiving the youth of our land.

Simon Kenton's Knife.

Last week James Tolin, a resident of Boone County, while digging a post hole, unearthed a buckhorn handle knife with a long blade, with the letters "S. K." engraved thereon. The weapon was buried under two feet of earth, and is one of the style used by the pioneer of Kentucky. As the site of the find was for a time the home of Simon Kenton and Daniel Boone, the supposition is that the knife is the property of the first named noted scout and Indian fighter.—Lexington Press.

FOUR THOUSAND.

That's About the Size of Paynter's Majority in the New Ninth.

IT MAY REACH FORTY-FIVE HUNDRED.

The Democrats Carry Nearly Every County in the District.

The new Ninth Congressional district rolled up a tremendous majority yesterday for Thomas H. Paynter.

The Democrats made a clean sweep, almost.

Democratic counties gave increased majorities and Republican counties refused to stand up to Bruce, the Republican-Alliance candidate.

Even the "State of Lewis," the home of Bruce, shows a big falling off in the Republican majority.

In this city and county the election was one of the quietest and most orderly on record. Most of the vote was polled by noon. No "boodie" was used, and it was a chilly day for the bums and floaters. The colored contingent were sorely disappointed, and the biggest part of them couldn't be prevailed upon to vote. Their price was a dollar a head, but they didn't get it, and only a few of them could be induced to walk up and deposit a ballot.

The Republicans did not take much interest in the fight. Many of them did not regard Bruce as their nominee; others voted for Paynter, and openly boasted of it. The Thomas-Bruce combine didn't take well. The action of the G. O. P. throughout the district is a terrible rebuke to the Lewis County "boss."

The Democrats did their duty well, and have reasons to crow over their big victory. Following are the returns from this county:

| PRECINCTS. | Paynter. | Bruce. |

MINER'S MAXIMS

While the wisdom of being better late than never is quite apparent, much more obvious is the advisability of never being late.

Avoid mysteries.

To the inexperienced eye the religion of the man in the moon is not more mysterious than a pair of shoes. They may cover a multitude of manufacturers' sins, or they may be better than they seem.

Don't be shod in shoddy.

You can avoid it if you will. Miner's sole rule is to misrepresent nothing, and so his sole rules. He does not know whether the man in the moon is an Atheist or a Mormon, but he does know all about shoes, and a pair never leaves his store under false pretenses.

His square-toed shoes are matched by square-toed statements, and his round-toed shoes are encircled by no round-about claims. One thing worth remembering: Whether you pay much or little at Miner's, you receive an equivalent larger in proportion to the amount invested than you can obtain anywhere else.

That's the important point.

ENGLAND'S BLUFF.

Building Extensive Forts in the West Indies.

BRINGING OVER THE REDCOATS.

A London Dispatch to The New York Times Tells How John Bull is Strengthening in the West Indies His "Fighting Field on the United States" New Cable Connections.

New York, Nov. 5.—The Times has the following: The British are reported to be actively engaged in Jamaica, Bermuda and St. Lucia, West Indies, in fortifying these places against all possible likelihood of capture. Extensive coaling stations are being established in Jamaica and St. Lucia. Bermuda is also to have one. All British troops in West Indian Islands are being concentrated. No other posts are to be held but Jamaica, St. Lucia and Bermuda.

But for the fear of exciting comment the forces now in the Bahamas would be withdrawn at once. The British admiralty and war office, it appears, are determined to insure coaling stations to British cruisers in the event of hostilities with the United States. Unless St. Lucia, Jamaica, and Bermuda can be held, it will be impossible to operate with the heavy battleships against the North American coast. These vessels are limited in coal carrying capacity to barely enough to carry them across the Atlantic ocean. Unless they can be resupplied on reaching the vicinity of the American coast their efficiency will at once be destroyed.

From Bermuda to New York is forty hours' steaming, much less to many of Great Britain's cruisers. From Jamaica or St. Lucia to the American coast is forty-eight hours. From well-informed sources the impression is given out that the detail of the Grenadier guards to Bermuda because of mutiny is all a canard. The British authorities decided some time ago to send the very pick of the British troops to the West Indies, and in this way doubly assure the defense of what is now recognized in military circles as Great Britain's "fighting hold on the United States."

The detail of the guards to Bermuda has caused this post to be placed second to Gibraltar in importance. The greatest secrecy is being observed in all the improvements now in progress, but the works are growing day by day. The British are working as if they expected war in a few months with the United States. Bodies of troops are being quietly concentrated in detachments of twenties and fifties. If this concentration continues much longer all the troops in the Bahamas will be at Jamaica. Nassau has only a mere guard left, the removal of the forces stationed there having been in progress during the past summer and continuing up to the present.

In a report submitted last week by the colonial defense committee to the British authorities it was stated that "this policy concentration, is now being carried out." The committee further states that "there has been no question of abandoning any of the West India colonies or of leaving them to their own unaided resources in time of war." The policy, it states, "is based on the principle that the protection of the West Indies as a whole must depend upon the navy operating in sufficient force."

The committee also states that "in accordance with the recommendations of the royal commission it was decided to fortify and maintain imperial coaling stations at Jamaica and St. Lucia, these points being selected on account of their strategic importance in relation to the operations of her majesty's navy in these waters, and to concentrate there all the imperial troops in the West Indies."

Cable communications are to be established between all the islands. The ends of the cables in Jamaica, St. Lucia and Bermuda will come into the main Halifax cable. They are under no conditions to connect with American wires. More troops are to be sent out from England as soon as the barracks and works now building are in a receptive state.

The imperial troops have now been wholly withdrawn from the Bahamas, only a few colored battalions remaining. These forces keep up a show of defense. The defense committee declares that the warfare of the British empire depends on the assurance of the safety of Jamaica, St. Lucia and Bermuda against the attacks of a contiguous power.

Would-Be Duellist Arrested.

RICHMOND, Va., Nov. 5.—A. B. Gignon and A. J. Phillips were arrested yesterday charged with contemplating a breach of peace by fighting a duel or otherwise. Both men are members of the city council. At a meeting of that body yesterday morning a violent dispute arose between them and the dispute was resumed when the men left the council chamber. The lie was passed and their friends fearing a meeting had them arrested. The judge after hearing the testimony dismissed them.

Will Be Investigated.

NEW YORK, Nov. 5.—Inspector Byrnes yesterday came out with a strong letter in regard to the Rev. Dr. Howard Crosby's recent accusation that a certain police captain received \$70,000 last year in blackmail from saloon keepers in his precinct. The inspector admits the gravity of the accusation and promises a rigid investigation. He asks a suspension of judgment until the matter can be thoroughly sifted by the police board.
